## Why Mercy Ships?

In low-income and lower-middle-income countries, nine out of ten people have no access to basic surgical care. Mercy Ships charity hospital ships sail directly to these people to offer the medical care they need – for free.

Mercy Ships UK provides medical care and free surgeries for the underserved in Africa, staffed by volunteers on our charity hospital ship, the Africa Mercy.

James Townsend, who has attended Stroath Church since birth, is currently serving on the Africa Mercy in a technical capacity, and as a church we are supporting this charity, among others, for this year.

We thank you for your support for this important charity by entering our autumn show 2019.
